Sudhakar S. Kini

Chief Architect, Sulabh International

Sudhakar is a seasoned architect and expert in public sanitation infrastructure with a career spanning over 40 years. He holds qualifications in architecture (G.D. ARCH, A.I.I.A.) and is a chartered member of the Council of Architecture in India. He has extensive experience with CSR programs, public sanitation planning, and infrastructure projects across India and internationally, notably collaborating with Sulabh International since 1982 in various roles, including Chief Architect and Vice Chairman.

Sudhakar's key accomplishments include introducing the "Pay & Use" public toilet concept in Maharashtra, designing large-scale sanitation facilities for heritage sites, and developing sanitation solutions for disaster-affected regions, such as Sri Lanka post-tsunami.

He has also led school sanitation projects in South Africa and worked with organizations like HUDCO and the World Bank to develop sanitation initiatives. His expertise is recognized in sustainable sanitation solutions for urban, rural, and high-footfall pilgrimage sites across India.
