

## Jigisha Jaiswal

WASH sector professional. Senior Research  
Associate Urban Development

Jigisha is a skilled professional with over eight years of experience in urban sanitation, faecal sludge and septage management, water quality monitoring, and sustainable urban water management. She plays a key role in coordinating the Swachh Bharat Mission implementation in Maharashtra and Gujarat and has led capacity-building programs for senior government officials and stakeholders.

With a Bachelor's in Civil Engineering and a Master's in Urban Planning from CEPT University, she combines technical expertise with a strong focus on sustainable urban development.

Jigisha's work includes improving sanitation practices and water management in urban areas, supporting public finance for sanitation projects, and driving training initiatives to build local capacities.
