A training designed to build capacities of Urban Local Bodies in achieving the outcomes of ODF+, ODF++ & Water +, Under SBM-U (2.0)

On 1st October 2021, the Ministry of Housing and Urban Affairs (MoHUA), Government of India launched Swachh Bharat Mission-Urban 2.0. The mission aims to make ODF sustainable (ODF++) and ensure 100% used water (wastewater) treatment and reuse. According to the new program, urban local authorities with a population under one lakh (2011 census) are mandated to take a multifaceted approach towards the management of used water by implementing sustainable & effective solutions such as sewerage systems, FSSM, decentralized wastewater systems, and greywater management.

The 3-Day Orientation training will help officials and executives of urban local bodies to PLAN, IMPLEMENT & EXECUTE THE OBJECTIVES OF SBM-U 2.0 GUIDELINES.

Post orientation training, the participants will be equipped with the necessary skills to:

- List down components eligible for funding under the SBM-U 2.0 & prepare a financial action plan
- Elaborate the roles of urban local bodies in the implementation of the program
- Identify parameters for zoning in their respective ULBs
- Estimate the investment for used water management interventions
- Prepare city sanitation action plan in the format specified by SBM-U 2.0 Guideline
